## **CBRIS March Program**

**We are all looking forward to our upcoming show**

**“A Symphony of Iris” on April 6, 2025.**

Join us Friday, March 7<sup>th</sup> at 7:30 PM at West Valley Library, 1243 San Tomas Aquino Road., in San Jose. This month Carol Dahout will review the show schedule explaining the various classifications of the Horticulture and Artistic Divisions. She will also explain how to fill out your entry cards.

Chrysanthemum Huynh will share her extensive knowledge of artistic flower design with us by creating examples of the five designs from the Artistic schedule. Plus, her arrangements will be included in the door prize drawing. Please bring any irises that are blooming in your yard for Chrys to use in her designs.

– Jane Jordan, CBRIS VP

# MEETING

**CBRIS' March meeting will be held  
at West Valley Library.**

March 2025

## *'A Symphony of Iris'*

We have an exciting meeting coming up on Friday that you do not want to miss! Our show is a mere month away, Sunday, April 6<sup>th</sup>, at the Joan Pisani Center! I will have the show schedules available for you and beautiful flyers for you to distribute. I will be going over the show schedule and how to fill out the entry tags. I will also have multiple sign-up sheets so be thinking about how you would like to contribute to ensure our show is a success.

But that's not all! Our CBRIS member, Chrys Hunyh, will show us tips and techniques of floral arranging for those of you who are considering entering the popular Artistic Division of our show. If you have any iris blooming, please bring them to the meeting for Chrys to incorporate in her arrangements. Chrys is graciously donating five arrangements to the door prize drawing, if you would like a chance to take one home.

See you Friday at the West Valley Library on San Tomas Aquino Rd., San Jose.

– Carol Dahout, CBRIS President and Showchair

### Curious Flora Nursery

Curious Flora Nursery has taken over Annie's Annuals and Perennials. After the latter closed, a group of managers banded together to form Curious Flora. Many of the former employees are still there. The "new" nursery has many experienced and valued workers. Their operations have changed a bit but you will still find it as a beloved nursery. Check them out before you start your spring planting.

They are located at:  
 740 Market Ave.,  
 Richmond, CA 94801  
 Phone 341-215-8734  
 Open every day 9:00 AM – 5:00 PM

The background of the poster features several purple irises with yellow centers, set against a dark blue background with white musical notes and staff lines. The text is overlaid on this background.

Clara B. Rees Iris Society  
Annual Spring Show  
2025

*A Symphony  
of Iris*

Sunday  
April 6  
12pm - 5pm

Joan Pisani  
Community Center  
19655 Allendale Ave  
Saratoga, CA 95070

## CBRIS Meeting Minutes February 7, 2025

**Welcome:** President Carol Dahout called the meeting to order at 7:30 pm, welcoming all attendees and acknowledging the February birthdays of the following CBRISians: Andrea Clague, Shida Jabboir, Steve Chen, Jan Carey, Riley Probst, Gail Christen and Carl Boro.

There were no guests or new members in attendance.

–photo by Steve Chen

**Treasurer's Report:** Carol reported the current CBRIS treasury balance as \$18,716.10. Naomi Nakata, treasury transactions auditor, reported that her work is not yet complete.

**Minutes:** Carol summarized the January 2025 Minutes, as submitted by Linda Lomperis, CBRIS Secretary.

**Job Positions for the CBRIS 2025 Iris Show on Sunday, April 6:** Carol circulated a sign-up sheet of various job positions needing to be filled for the April 2025 CBRIS Iris Show, "A Symphony of Irises." Scott Smith agreed to produce the show flyer (small version) and show poster (large version).

**Program:** Riley Probst, CBRIS member, Central Regional Director of the American Iris Society (AIS) Region 14, emeritus AIS judge and owner of Fleur de Lis Garden, delivered a talk entitled "Spring Regional Review," highlighting specific gardens and irises from the Region 14 2024 Spring Regional in Auburn. Overall, his presentation offered encouragement for attending the upcoming 2025 Spring Regional in Santa Rosa.

As Riley put it, "we go to Spring Regionals to see what's blooming"--a statement made crystal clear through the many gorgeous iris photos in his presentation. Beyond all the blooms, as Riley explained, attendees at AIS Regional meetings can also expect the following: judges training; auctions; raffle baskets; Gaultier awards; lunch and a dinner; and sometimes, sales of irises from local clubs.

**Refreshments Gratitude:** Carol thanked CBRIS members Beth Brandt, Peter Marra, and Diane Wang and Winnie Wang for providing refreshments for tonight's meeting.

**Potted Iris Sale Date:** The sale date choices are these: either March 29 or Sat. April 5, which is the Saturday before the CBRIS 2025 Iris Show on April 6. Though members showed preference for the Saturday April 5 date, Carol suggested we wait to hear from Mary Collins before making a final choice.

**Shirley Trio-Probst Memorial, May 10, 2025, 2 pm., at Dry Creek Gardens:** Carol reported that 7 people have signed up to attend. All others who later decide to attend should still sign up with Carol to enable Dry Creek Gardens to plan accordingly.

Please don't forget: There will be a lot of irises in bloom on May 10 at Dry Creek!

(continued next page)

**The 2025 CBRIS Spring Garden Tours** will take place in April. Members discussed possible dates, though no final date was set. Naomi Nakata, 2025 Spring Garden Tour Coordinator, asked members willing to offer their gardens as tour sites to contact her directly.

**The 2025 Spring Regional Meeting (Region 14)** will take place May 2-4, 2025 in Santa Rosa, CA. The featured speaker at this meeting will be Diane Ford. If done before April 1, registration is \$115/person; after April 1, registration is \$125/person. Riley Probst mentioned that there will be a seedling show and judges training at this meeting.

**CBRIS Needs Raffle Basket Items for the 2025 Spring Regional Meeting!**

The relevant themes for this particular Regional Meeting are Redwoods, Irises and Wine, so Carol asked CBRISians to kindly provide appropriate items—i.e., anything relevant to these themes. Items can be brought to our next meeting in March.

**Other Announcements:**

**CBRIS Will Host the Fall 2025 Regional Meeting (Region 14).** Planning for this event is now underway. It will take place sometime in October, though no specific date has yet been set. Possible locations include: Shoup Park; Campbell Community Center; a church in Campbell; Saratoga Community Center. We will need to find a main Speaker and provide lunch on the main meeting day.

Here is the overall schedule for this event:

Friday, 5 pm - 9 pm

Saturday, 8 am – 5 pm, with a mid-day break for Lunch provided by CBRIS.

**Judges Training Session** offered by Riley Probst on April 13, 2025. Details to follow.

**Door Prize Irises** were awarded via the Wheel of Fortune app.

**Meeting Adjourned** around 9:30 pm.

Respectfully submitted,  
Linda Lomperis, CBRIS Secretary

**Judges Training**

Carolyn Craft will give a PCN Judges Training on March 29 at the Apple campus in Cupertino. We will meet outside the coffee shop at the Apple Park Visitor Center, 10600 N. Tantau Ave, Cupertino, CA at 11:00 AM. Please RSVP to Linda Stremel at Lindastremel@yahoo.com.

**Steve Chen**  
**Carolyn Craft**  
**Amy Hawkins**  
**Jen Fernandes**  
**Nancy Mirabella**

# CBRIS February 2025 Meeting

## Gardening Tips for March ..... by Anna Cadd

A reprint from 2021. Lots of good information here.

1. Maybe someone remembers that in the end of the January for February Newsletter, I foolishly wrote: "Do nothing for the irises now." Boy, was I wrong! But they just pulled the groundhog from the underground somewhere in Pennsylvania, and Phil predicted 6 more weeks of winter! Sure, he was right. There is still winter in Pennsylvania, but this "rat" was never in California before! They are promising 68-75 degrees for the next several weeks here. It is warm during the day, and irises awakened in spots and started to grow like crazy. So, I hope that you have them already weeded, fertilized with 5-10-10 or 10-10-10, and pre-emerged with weed seeds preventer. Pay attention to the snails and slugs as they can create damage. The chemical "*Sluggo*" is expensive, but it is a plant fertilizer when it breaks down. Also "*Green Lite*" will take care of such nasty creatures as sow bugs and earwigs.

2. If your irises start to look 'watery' and fall over, you have bacterial soft rot, caused by *Ervinia corotovora* and *Ervinia chrysanthemii*. It is the most serious iris disease. Bacteria enter through injuries or cuts to the rhizome. The cuts can happen when you pull off the dead leaves or by damage from insects and worms. Soft rot causes the rhizomes to become mushy and have a disagreeable rotten potato odor. The use of fresh manure or excess nitrogen, coupled with poor drainage, contributes to soft rot development. Dig up and destroy diseased rhizomes. If the rot is not extensive, cut off and destroy diseased plant parts. Sprinkle the household cleanser Comet, generously around on plant and ground. You may save the plant.

3. Leaf spot, another malady, is caused by the fungus *Didymellina macrospora* which is also known as *Heterosporium iridis*. The first evidence of the disease on a leaf is the appearance of small yellow-brown spots surrounded by a water-soaked border. The spots enlarge, turn brown and dry. The whole leaf may be killed prematurely. With poor air circulation, dead leaves, debris and warm wet weather, the disease gets worse. We recommend spraying the plants and the soil before the first sign of the disease. For small gardens, "Ortho" fungicide spray for roses may work well.

4. Now is the time to fertilize citrus, roses, fruit trees and shrubs. There are many fertilizers available. Please remember to apply the fertilizer on the perimeter of the roots. This is a drip line around the tree or bush. It is good to scratch the bark on the trunk and some branches of citrus trees, as this same hormone that controls the healing process helps with developing new buds. Scratching roses on the base of the bush will promote the growth of new canes.

5. This is a good time to graft fruit trees. If a friend has great fruit on his tree, nothing prevents you from having it also on your "crappy" one. The answer is grafting! It is easy, fun and you will be proud of yourself. There are classes in almost every nursery and a lot of books on how to do grafting.

6. Time to plant annuals! There are pansies, snapdragons, violets, primroses, marigolds, African violets, poppies and calendulas. They will be beautiful in April, blooming profusely along with irises. Feed the annuals with “*Super Bloom*” every two weeks and enjoy the beauty!
7. Fertilize your lawn with pre-emergent fertilizer, if you haven’t started yet.
8. Select and plant bulbs for summer blooming. I saw beautiful dahlias, begonias, gladiolus, *Nerine* and Calla lilies. They are not cheap, unfortunately, usually about \$ 6.99 or \$ 11.99 per package containing 2 - 3 bulbs. Maybe checking the mail-in catalogues will be cheaper?
9. If you like Japanese maples, there is nice selection in the nurseries now. I like to look at them in fall, when they change colors and you can find the one which you like the best. They can be grown in the huge pots but will do better in the ground in a protected area with partial shade.
10. If you have hydrangeas, you can amaze your friends by fertilizing your plants with aluminum sulfate. This chemical will change the color of your flowers from pink to light and deep blue, depending on how much you apply. You can also fertilize one bush differently from side to side to create varied shades of blue. Worth a try!
11. Keep track of your garden tools by painting the handles bright yellow, orange, or pink. Then you will be able to find them once you’ve set them down. There’s nothing more frustrating than spending time hunting for your tools.
12. If you can’t wait, plant some seeds and hope that nothing happens to them. Gardening is a lot of patience, hope, miracles, sun and rain, good garden worms and garden Fairies, who watch over the seedlings. It is good sometimes to leave some dandelion flowers in the garden because they produce dandelion umbrellas. They are favorites of the Garden Fairies, who love to fly to the sky on those dandelion fuzzies! Watch them as they fly, with a good glass of Sonoma County wine while lying on the garden lounge in the sun under the blooming apple tree...

–Reprinted from the Santa Rosa Iris Society March 2021 Newsletter with permission.

*The only thing that I would change is in #12. Perhaps a bottle of wine from a more local winery here in the Santa Clara Valley? Thanks, Anna. You always have so much educational information.*

*M.Lango*

**Acquiesce** (Robin Shadlow 24) TB 33" M-L S. peach pink, F. red-violet, 1/4" pink edge, pink center stripe; B. white base with red-orange tips.

**Auburn Tigress** (Anton Mego 24) TB 33" M S. white with yellow flush and veining 3/4 up petal; F. white, heavily veined brown-orange, with near solid band of yellow-orange at edge; B orange; sweet fragrance.

**By Starlight** (Thomas Johnson 23) TB 35" M S. flesh pink with lavender shot up midrib; F. rich deep royal purple with a lighter purple edge; B. orange with lavender end; slight sweet fragrance.

**Chihuahua Evening** (Howie Dash 24) AB (OGB) 23" M S. lavender veining on light lavender background; F. lavender veining on light lavender background, diffuse black on white signal; B dark brown.

## Irises, Redwoods, and Wines

# The Santa Rosa Iris Society invites you to the AIS Region 14 Spring Regional, May 2 – 4, 2025

Meetings, lunches, and the Banquet will be held at the Luther Burbank Art Garden Center, 2050 Yulupa Ave, Santa Rosa, CA. We have two display gardens for visitation, plus two optional gardens. The Luther Burbank Art and Garden Center is where the club maintains its club's irises, bearded and beardless, and a Dykes Medal collection. It also has half of the Regional Guest Irises. The Santa Rosa Rose Society maintains a rose garden there as well. The 2nd garden, will be the Diane and Don Ford's iris farm in Hopland, Ca. In addition to the Regional Guest Irises planted there, you will see thousands of their iris seedlings which grow in the fertile soil of the Sanel Valley.

### The Meeting Schedule for the 2025 Spring Regional is as follows:

#### Friday, May 2, 2025

- 4:00PM- 7:00 PM Registration Check-in at LBA&GC, Silent Auction is Open
- 4:00PM- 6:00 PM Seedling Show entries made, followed by Judging
- 5:00PM- 6:45 PM Dinner on your own
- 7:00PM- 9:30 PM Welcome & General Board Meeting at LBA&GC

#### Saturday, May 3, 2025

- 7:00 AM- 8:00 AM Breakfast on your own
- 7:00 AM- 8:00 AM Registration Check In at LBA&GC
- 8:00 AM- Group 1 - Leave for Ford Garden in Hopland via Hwy 101
- 8:00 AM- 11:00 AM - Group 2 -View Display Garden @ LBA&GC
- 9:00 AM- 11:00 AM - Group 1 – Visit Diana & Don Ford's garden
- 11:00 AM- Group 1 - Return to LBA&GC
- Group 2, followed by Group 1 - Lunch at LBA&GC
- 12:00 PM- Group 2 - Leave for Ford Garden in Hopland via Hwy 101
- 1:00 PM- 4:00 PM - Group 1 - View Display Garden at LBA&GC
- 1:00 PM- 3:00 PM - Group 2 - Visit Diana & Don Ford's garden
- 3:00 PM- Group 2 - Turn in garden voting ballots at Ford's, or 4:00 PM at LBA&GC
- 3:00 PM- Group 2 - Return to LBA&GC
- 4:05 PM- Deadline for turning in ballots at LBA&GC**
- 5:00 PM- 7:45 PM No host cocktails followed by Banquet Dinner at LBA&GC
- 7:45 PM- 8:45 PM Guest Speaker: Diana Ford "Hybridizing Irises"
- 8:45 PM- 9:15 PM Awards Presentation: R14 Awards Chair
- 9:15 PM- 9:30 PM Silent Auction Closes and Basket Raffle Drawing occurs

#### Sunday, May 4, 2025

- 8:00 AM- 12:30 PM Breakfast and Lunch on your own.
- 9:00 AM- 10:30 AM Judges Training (In garden) @ LBA&GC 1.5 hrs.
- 9:30 AM- 12:30 PM Optional Garden, Anna Cadd, Healdsburg
- 9:30 AM- 12:30 PM Optional Garden, Ellen Johnson, Healdsburg
